Far Harbor here we come: "I knew about a missing girl and I was hoping you could help me." Nick says he looks at Nate. Kai puts Deacon's legs off the road and sits. Maybe I need a couch. "And just so it happens that there is some Railroad activity in Far Harbor, we thought you two might use another adventure." Kai says. "Can I choose my clothes?" I'm asking with a smirk. "Yes, dear", says Deacon from his position on the bed. I'm looking at Nate for confirmation. It's useless, though, I already know your answer. "We're in", I say easily. This is the third piece of the Reformed Raider series. Like some of the other installations this piece works simultaneously with the piece of my sister "Welcome to Far Harbor" that follows the story of Kai POV.
